The Arts

NETTIE ROBERTS

Nettie has experience in teaching grades pre-school through 8th. Nettie joined Palm Springs Unified as a math/science teacher in 1997. She was a K-5 math coach for three years and was a math coach for K-12 for three years. Nettie also worked for Dr. Pamela Clute for 10 years empowering girls in mathematics through art in Dr. Clute's GEMS program.

Nettie believes math is a key to opening doors to our children and it is most important that students have a deep understanding of problem solving and what lays behind why algorithms work.

Since retirement, Nettie has taken many art classes, participated in art shows, and teaches art classes at Old Town Artisans in La Quinta.

REGISTER AT:

TUESDAY, FEBRUARY 7, 2023

8:00 A.M. – 3:00 P.M.

Please join us for a fun, informative, in-person and hands-on full day workshop of Science, Technology, Engineering, the Arts, and Math (STEAM) based art lessons. Participants will “Make and Take” art projects which can be utilized in your classroom to increase understanding of concepts in geometry, fractions, plotting points on a coordinate plane, and problem solving. In addition, there will be interactive higher level thinking games.

All art making materials will be provided, as well as clean masters of all activities.

Art projects and activities include:

- Paul Klee Art
- Geometry Paper Cube
- String Art
- Fractional Graph Paper Activity
- Tug of War Activity
- Horse and Rider Activity
