Amplifying the Arts

Volume 23, January 2023

Arts as Life! is very low cost (only \$23.00 per teacher/class) and open to all TK–12 teachers, administration, staff, and counselors. It is produced in partnership with the San Mateo County Office of Education, Alameda County Office of Education, Stanford Live, Young Audiences of Northern California, San Mateo County Office of Arts and Culture, Santa Clara County Office of Education, and KQED. This day-long immersive experience will include many dynamic presenters, a rock star line-up for the keynote, student performances, AND MORE!

We are so excited to bring teachers a new model of professional development that includes your students. *What? Include my students?* In these times of a global pandemic, we recognize that finding a substitute teacher is almost impossible, and one of the many themes of the conference is **“Student Voice,”** so why not invite students? The workshop presenters are all skilled in leading experiential PDs that model how one would teach to students and what better way than to try it out with them there? Invite your colleagues!

Save the Date! And bring your class!

We invite you to check those out, as well as the many other offerings available to attend with or without your class...whichever works best for you.
